

# Avila Examiner

Volume 5, No. 3

Avila College, Kansas City Missouri

October 2, 1980

Checkers was one of the many games that resident and commuter students enjoyed in the Snack Bar during the Intramurals sponsored Games Festival, Wednesday, September 10. The next games festival will be held October 15 from 7-10 p.m. in the Snack Bar.

## Square dance, coming October 17

It's a cool, breezy October evening. The leaves are turning to rich shades of rust, brown, and green. What exemplifies the fall season more than a Horsedrawn Hayride and Squaredance.

The two seem to go together. For anyone who hasn't been on a hayride or squaredanced, it's something to be experienced. On October 17, 1980, you will have the chance to come to an old-fashioned squaredance and horsedrawn hayride.

This is something new and different for Avila, and it promises to be very enjoyable. Not only is the admission free, but also there will be free refreshments of hot dogs, potato chips, apple cider, and coke or pepsi.

Transportation has even been provided for; a van will be leaving Marion Center at 7:30 p.m., as well as car pools.

This event will be at Benjamin Stables Trail Town, from 8:00-11:00 p.m. The hayride will run continuously for two hours, while the square-dancing will go from 8:00-11:00 p.m. This gives everyone a chance to participate in both events.

Squaredancing looks like a lot of fun; however, many people don't know how to square dance. An experienced dance instructor, Mr. "Bo Bo" Pike, will give free lessons from October 13th to the 17th, everyday from 12:00-1:00 p.m. The lessons will be held on the patio by the Snack Bar in lower Marion Center.

## Admissions sponsors Career Day for students

By Karen Wilson

On Saturday, October 18, the Admissions office will sponsor a Career Information Symposium for prospective Avila students in the Kansas City area. Current Avila students are also encouraged to attend.

The purpose of the Career Day is to provide high school students in the community with an opportunity to learn about Avila college and the careers they are interested in.

However, recruitment is not

the only focus of the day. The Admissions office is determined to make current Avila students feel welcome.

Sue Matson, Admissions Counselor, explained that this will be the first Career Symposium held at Avila. In the past, various departments have held separate career days. However, a survey of high school counselors revealed that students receive too many invitations for campus visits to be able to attend

each one. Therefore, Avila's Symposium offers a better method for attracting prospective students.

As to the status of current students, Sue Matson states, "From the beginning of this change, we've wanted to include them."

"We would like to have a positive image to present to the prospective students. We want them to see that the current Avila students are interesting people also."

The symposium, which lasts from 8:00 AM to 6:00 PM, will begin with a career browsing session. During this session, each career as related to a department will be represented. At each table, a resource person from the community will be available for information concerning job possibilities and salaries in various careers. Following this will be a series of mini sessions.

After a lunch break, time will be allowed for student

activities. These activities include a soccer game; volleyball game; SUB's film offering, "Sleeping Beauty"; and Open House in the residence halls.

In the evening, a "chuck wagon" theme dinner will be offered in the cafeteria.

The after dinner entertainment will be provided by Steve Gipson, a comedian and caricaturist. Gipson was a huge success at a coffeehouse last year.

## Inner Act 2, Oct 4 fun, games

By Peggy Roberts

When one thinks of the coming of October one thinks of colorful trees, cool, brisk winds and winter around the corner. But this October, some Avila students—and many Kansas Citians—will be thinking of games and fun at Inner Act 2.

Sponsored by the Kansas City Association of Mental Health, Inner Act 2 will provide people opportunities to experiment with new ways of expressing themselves. On October 4th, the square at Crown Center will be transformed into a carnival-like atmosphere. Twenty-five booths will be set up so people can dabble into different forms of self-expression.

Among them will be a photography booth, a street theatre and an art therapy booth. There will also be a "new games" booth in which non-competitive games are played in groups.

Inner Act 2 has no age limit. Senior Citizens are getting into the act when they show their talents at bell ringing and ask for audience participation.

Harriet Lawrence, one of Inner Act 2's organizers had this to say about the project:

"The whole idea of Inner Act 2 is for people to express their own creativity and move past their inhibitions about expressing themselves."

"There will be between 23-25 booths and the whole idea is for people to explore new and different areas."

Many Avila students will be involved with the Art Therapy booth. It will invite people to work with clay. In addition, Avila's Student Nurses Organization will provide a First Aid station.

So Avila, if you want to enjoy a day of fun, games and self-expression come to Inner Act 2 at Crown Center.

## Avila program offers culture adventure, excitement,

By Connie Volcek

Adventure, excitement, and culture are only a few of the opportunities open to students who get involved in the Avila "Tripping" programs.

These programs include visits to places of interest in the Kansas City area.

On September 6, several Avila students visited the Farmer's Market and saw vendors selling fresh produce, jewelry, and leather goods. In addition to this, there was a trip on September 21 to the Swope Park Zoo which included a picnic.

There are also several other trips planned for the remainder of the semester.

On Sunday, October 5, from 1-8 p.m. there is a trip planned to Octoberfest at World's of Fun. This celebration adds an international flavor to the already exciting

rides, shows and exhibits.

Anyone interested in helping celebrate Octoberfest may purchase tickets for the subsidized price of \$7 at the Marian Centre Candy Store.

A trip to the Truman Library is scheduled for Thursday, November 13, from 5-8 p.m. The library is filled with historical exhibits and relics from Harry Truman's years in the Presidency.

So anyone desiring to see some of the relics from this important time in American history is encouraged to come and explore.

The last Tripping program of this semester will be a visit to Kansas City's famous Crown Center. The trip is scheduled for Saturday, November 22, from 10 a.m.-3 p.m.

The over 80 novelty shops

and stores should give students an excellent opportunity to start some early Christmas shopping.

The Tripping series is sponsored by the Office of Student Life. And they encourage all interested dorm and commuter students to take part in this program and learn more about Kansas City.

Tickets for all Tripping activities may be purchased in advance at the Marian Centre Candy Store.

A second series of Tripping programs will be introduced during second semester. So anyone with ideas of possible places of interest to visit is encouraged to submit them to the Office of Student Life located in Marian Centre.

COMING SOON

HARTFORD BALLET

October 23-25

Goppert Theatre

Sponsored by SUB Fine Arts

More information in October 23 issue

# Royal Circus Oct.6

Hurry! Hurry! Step right up to witness the Greatest Show on Avila's campus. The Royal Lichtenstein Circus will be performing on Monday, October 6, 1980, from 12:30 to 1:30 p.m. Weather permitting, it will be held out on the Quad, otherwise, it will take place in Goppert Theatre.

Now on its ninth annual tour of over forty states, the world's smallest circus will include such highlights as expanded menagerie, an aerial act, jugglers, acrobats, magicians, and clowns.

Also in the unique Royal Lichtenstein Circus format there will be two narrated mime fables, "Neighbors" and "The Impossible Steam". There are over fifteen acts in the full-hour performance, so Come One, Come All to an hour of excitement and Fun! Tickets will be distributed by members of the Social Committee or they can be obtained thru the Marian Centre Candy Store. There will be a sign-up sheet to get an idea of how many will be going. Again, there will be no admission fee.

## Award honors student leaders

By Jim Giglione

There is no greater honor than to receive an award from your peers. This honor captures the significance of the Ariston Award.

The Ariston is awarded to the senior who has displayed outstanding leadership qualities as an Avila student.

These qualities include a willingness to work in all phases of campus activities, the ability to work well with others, enthusiasm and those special qualities which distinguish a leader.

Each spring the graduating class is mailed a list of seniors. They in turn vote on the above criteria with a simple majority deciding the winner.

The winner is then announced at Honors Commencement in May.

The Ariston is one of the few awards that is not based on academic achievement. Thus, it caters to the students who are involved in a variety of school and community activities.

"The recipient of the Ariston Award must portray excellence in all phases of his or her life," Dean L.F. Cupkie said.

It is up to the graduating class to be aware of these students and to vote accordingly at the end of the year. Only then can the Ariston Award continue to be a true honor.

POEMS

Ferris Wheel

I don't know how I ever got myself into this,  
but right now I don't really want to break out.  
Any more, I don't know right from wrong,  
and the thing is, I don't seem to care.  
Well you, what do you want from me?  
Whatever it is I can't give.  
Cause I need something real,  
and that something isn't here.  
I know, it isn't all your fault,  
I know it's partly mine.  
It would have been better if we'd never met,  
or if we'd met in a different time.  
Well I guess that's all I've got to say,  
I just had to let you know the way I feel.  
We've got to stop going on this way,  
living our lives on a ferris wheel.

By Carlyn Jurgensmeyer

Five Bucks Says So

Will she try and discuss it again?  
Will he take a stand?  
Will she overpower him?  
Or does he have a plan?  
Five bucks says he does.

Will he ask her out tonight?  
Will he get a chance?  
Will she ever stop talking?  
And will she want to dance?  
Five bucks says she does.

Will we ever work it out?  
Will we see the light?  
Will we be that strong again?  
Will things turn out right?  
Five bucks says we do.

By Scott Turley

# A guide to Kansas City, offers locations, specialties

By Jennifer Benson

To the students who know not where to go or what to see. A guide to Kansas City. A list of restaurants, their location and specialties will help students get acquainted with what Kansas City has to offer.

ANTONINE'S ON THE BOULEVARD  
(Tony's Tavern)  
423 Southwest Boulevard  
Kansas City, MO  
Near Downtown 471-9833 Mon.-Sat.

## Intramurals offers touch football

By Anita Jurgensmeyer

As Chairperson of this year's Intramurals Committee, I am proud to introduce its members and their current positions. (positions will be alternated monthly).

1st floor: Kris Boland-Promotion, 2nd floor: Karen Bland-Contacting Central Reservations, Karen Aubuchon-Equipment set-up, 3rd floor: Doreen Renshaw-Promotion, Fourth floor: Margaret Ortman-Secretary, Anita Jurgensmeyer-Chairperson, Fifth floor: Steve Smith-Equipment

and last but not least, 6th floor: Tina Crimi-Equipment set-up.

Our 1st up coming event is Touch Football. For all who are interested, there will be sign-up sheets on all floors bulletin boards.

This event will take place on campus on Sunday, Oct. 5th and 12th and the time will be from 2 to 4 p.m.

COME ON OUT AND JOIN THE FUN!!

## Music recital October 6

Three members of the Avila College music faculty will present a recital Thursday, October 16, 1980, at 8:00 p.m. in the Goppert Theatre.

Diane Reicks, Instructor in Piano and Voice, will sing two songs by Richard Strauss, "Zueignung" and "Cacilie", three songs from Samuel Barber's "Hermit Songs", and "The Jewel Song" from Faust by Charles Gounod.

Miss Reicks, a new member of the Avila music faculty,

earned degrees from Benedictine College in Atchison, Kansas, and the University of Nebraska at Lincoln.

Cynthia Mook Atwell, Instructor in Piano, will play Aaron Copland's "Piano Sonata" (1941) and Alberto Ginastera's "Sonata para Piano" (1952).

Mrs. Atwell received her doctorate in 1979 from the University of Missouri-Kansas City. She is the immediate past president of the Kansas

## Communications department; a growing success for all

Avila has long been known for its excellent Nursing, Business and other departments. Recently, the communications department has been growing also.

What started out as a minor to aid the professional student in speaking and writing, has quickly become a growing success.

Since the dawn of a communications major two years ago, enrollment has increased from ten students in 1979 to 34 students in 1980. Michael Burks, Communications/Art Assistant Professor, sees the

department balancing itself by supply and demand.

"As the number of students interested in Communications increases," Burks said, "faculty and facilities will also. For the time being, I doubt if we'll have much more growth in our enrollment," replied Burks. "I think we need to stress quality, that's our strong point."

Improvements in the department all depend on funds, without them, they are unable to go anywhere. All the equipment used in the television studio, and that used to aid other classes, was purchased

by a Title 6 grant.

Avila paid for half, and the government made up the difference. Congress has already cut Title 6 out of the next fiscal year, but there is still hope through private donations.

"Our equipment needs are very minimal," Burks said. "We've got a good basic television station." Although students dream of a fully equipped Communications building, it may not be in the "reality" plans, but a campus radio station is not inconceivable.

## History club offers enrichment

By Joni Huse

The Avila History Club was formed last year to provide a forum for exchange of ideas and sharing of information to promote interest in personal enrichment thru the study of history.

The club also sponsors fund raising events to benefit the History Department.

The first meeting of the History Club was held September 14. The meeting featured the presentation of a check for \$450.00 to Sister Martha Smith, and Sister Jean Lamp-

ton of the History Department.

The check represented the proceeds of a garage sale sponsored by the history club and will be used by the history department to purchase additional books for the library.

Last year's program included a slide presentation on China, a program on the History of Photography, The Conduct of the Civil War, The Russian Crisis in Afghanistan, and slides of Mexico and Yucatan.

## College years provide growth

By Dave McKellips

"You are made to grow. The creative God made you for creative growth. Growth is the law of your being. Violate that law, and you violate yourself.

You are unfulfilled, hence frustrated and unhappy." These words by E. Stanley Jones could probably be affirmed by each of us. We all have areas of our lives in which we are frustrated and unhappy because we are not growing.

The college years provide opportunity for a tremendous amount of growth. One immediately thinks of the intellectual challenge college provides.

Skills in reading, writing, analytical thinking and communication are inevitably improved for anyone who applies himself.

Many take advantage of the college years for development of their body and athletic skills. Exercise groups, dance classes, and competition in sports are an everyday sight.

And as in all areas of life, when one's physical skills are not improving, the individual experiences frustration.

But life is more than mind and body. Most of us would agree that there is a spiritual

side of life. Many would submit that there is nothing more important in life than one's relationship to God.

Yet, paradoxically, many who are not content unless they are growing mentally and physically, are seemingly oblivious to spiritual growth.

They are not willing to put in the necessary time to make their relationship to God a significant and growing one.

When one neglects his spiritual "homework" and "exercise" of Bible reading and prayer, he cannot be growing to become all that God wants him to be.

The Christian life is to be a constantly enlarging enterprise. Thankfully, we are not left alone in this world to do all the growing ourselves.

As we recently celebrated in The Mass of the Holy Spirit, we now have God's Spirit within us.

He is constantly driving us to examine who we are and challenging us to grow into complete conformity to the image of God in Christ.

We can thwart that growth by refusing to open our lives and respond to God's loving call upon us. But forbid the thought that we should shut our Creator and Lord out of our lives.

City Music Teachers Association.

Charles Beard, Instructor in Voice, will sing Antonio Vivaldi's "O di tua man' mi svena", Leonardo Vinci's "Sentirsi il petto accendere", "Selige Nacht" and "Waldseligkeit" by Joseph Marx, and three songs in Swedish by Jean Sibelius.

Dr. Beard comes to Avila with degrees from DePauw University, Ohio State University, and the University of Missouri-Kansas City.

## Registrar talks of computer; may become reality soon

By Mike Bracken

Space age technology may just be around the corner for the registrar's office. Registration by computer may become a reality as early as next semester.

"There has been talk about installing a computer that we could use," commented Sister Jean Bink. "But there is nothing definite yet."

Sister Jean is the registrar here at Avila, and to her and her staff, the task of scheduling classes for students who wish to attend during the fall semester is difficult.

The office takes care of approximately two thousand students each semester with the help of a computer in St. Louis.

"We are on a batch computer system in St. Louis," she explains. "We register students manually, then send the information to St. Louis. The computer sends back information that we need."

"But all this takes four to five weeks. We won't even know how many kids we have registered until midway through the semester."

If we were on our own terminal, we could show kids immediately what classes are available, we could check their records for grades and advising, and we could have everything at hand. But I don't think it would be any faster for the

students."

The registration procedure has been changed before, to meet the needs of Avila students, and Sister Jean feels it may be one of the fastest procedures in the country.

"We emphasize to everybody, that we prefer academic advising," she noted. "Basically it's just three stops. Pick up the forms in the office, pay tuition and fees in the business office, then bring forms back to the registrar's office."

"The students seem satisfied. They don't have to stand in long lines like they do at other colleges, and they can come when they wish, which they can't do elsewhere."

"We timed a couple of people this summer, just for fun, and it took them ten to fifteen minutes," Sister comments.

"I'm pleased with registration. The classes are accurate and there aren't many problems. We handle close to two thousand students, and that's a lot of people to serve."

# Soccer team carries 3-2-1 record

The Avila Kickers returned home this week after a disappointing third place finish in the Midwestern States Tournament held in Wichita Falls, Texas. The Avalanche bounced back with decisive victories over Bartlesville Wesleyan 5-1 and Benedictine 4-1.

In the victory over Bartlesville Wesleyan leading scorer Joe Schrick captured his first hat trick of the season. Also freshman standout Ken Bromeier pumped in the first two goals of his college career.

Commenting on the game coach Chris Carenza said, "I was very pleased how the players came back after the disappointing show in Texas. Our younger players came

through very well for us."

In the 4-1 win over Benedictine, the Avila squad showed a lot of determination by scoring 4 goals in the second half. Leading the Avila attack was Joe Schrick with 2 goals, Mark Meixner with 1 goal, and John Purpura with 1 goal.

Coach Carenza commented "I was proud of the way we came back in the second half. I feel the second half is an indication of the way our team can play."

The Avila Kickers will play Metro State College of Colorado at 1:30 Saturday and then take on Ottawa College of Kansas at 4:00 Tuesday. Currently, Avila carries a 3-2-1 record into the match with Metro State.

Joe Schrick took part in the Soccer game Tuesday, September 23. The team hosted Ottawa College. The final score was 2-0 in favor of Avila.

## Volleyball season opens; new players make team

The Avila College Women's Volleyball team opened the 1980 season at home by defeating Mid-America Nazarene College 15-12, 15-10, 12-15, 12-15, and 16-14.

The team played very well considering many first year players make up the nucleus of the team. They had some excellent hits and volleys throughout the night.

Avila's first away match of the season was a triangular at U.M.K.C. In the first match of the night Avila defeated cross-town rival Rockhurst 9-15, 15-11, and 15-11.

"Mary Walter, senior, was a definite contribution," comments Coach Pam Sloan, "coming back after missing

the first match because of a minor shoulder injury. All the players hit extremely well and the setters did a good job, also."

The Avalanche then put their 2-0 record on the line against another cross-town rival—U.M.K.C. Avila was defeated 1-15 and 8-15.

The Avila women will next journey to Springfield for the Evangel Tournament on September 19 and 20. The competition will be tough but the Avila players and coaches are confident.

The next home match will be against Central Methodist and Park College. It will be held on September 23, at 6:00 p.m.

## METRO service, an alternative

Kansas City developed in a steady march south from the Missouri River. When the METRO bus leaves Avila College it backtracks that "steady march south", hitting the city's key shopping and entertainment districts.

Boarding on 118th St., near the Goppert Theatre driveway, passengers will arrive at the Ward Parkway Shopping Center in about 20 minutes, or can continue to the Plaza for lunch in 10 more minutes.

If the passenger wants Westport cuisine, the bus steers through the heart of Westport about 5 minutes later, then on to Crown Center and into the Downtown area.

In fact, the Avila bus (officially the "Broadway-Ward Parkway") can transfer passengers to other lines arriving at the Sports Complex, Kemper Arena, or even the city of Independence.

Avila has no METRO bus

service after 6:21 p.m. on Saturday and 7:08 p.m. on weekdays. These are times for the last campus arrival and departure.

The METRO said low evening ridership prevents later service. Students say they won't chamber aboard until evening service can give them a way back.

Regardless, day ridership is on the upswing. In time, the evening service which was once available but went unused, will return.

The METRO bus service can be a convenient alternative to the automobile. Bus schedules will be available near the candy store in Marian Centre.

The usual fare is 40¢ each trip, monthly passes usually cost \$15. For any METRO assistance—transfers, fares, where to buy monthly passes—phone 221-0660. Sunday and holiday times are not yet available.
